Invitation Letter

The 8th International Workshop on Scanning Electrochemical Microscopy

Dear Colleagues:

On behalf of the organizing committee, we invite you to the 8th International Workshop on Scanning Electrochemical Microscopy (SECM8), the satellite meeting of the 66th Annual Meeting of the International Society of Electrochemistry, to be held from October 9 to 13, 2015 in Xiamen, China.

SECM-8 will continue the series of successful workshop held in Freiburg (1997), Southampton (2001), Dublin (2004), Falcade (2006), New York (2008), Fréjus (2010), and Ein Gedi (2013). The aim of this workshop is to present and discuss the latest advances and developments in SECM and other Scanning Probe Microscopy (SPM) techniques related to electrochemistry. This workshop is an excellent platform for intensive discussion between leading scientists in this field as well as students. SECM has been applied in numerous fields spanning from single molecule detection through imaging electrochemical and biological activities of different interfaces to surfaces modification as well as microfabrication with high resolution. Therefore, the meeting in Xiamen will be of interdisciplinary nature and will enhance collaboration, deep discussions and raise new ideas.

For more information please visit the website: <http://secm8.xmu.edu.cn/>. The abstract submission is open now until May 1, 2015. Please send it directly to the email: SECM8@xmu.edu.cn, and CC to dpzhan@xmu.edu.cn.

Sincerely Yours,

Prof. Dr. Dongping Zhan

dpzhan@xmu.edu.cn; SECM8@xmu.edu.cn

Executive Chairman

The 8th International Workshop on Scanning Electrochemical Microscopy
